The Mysore Representative Assembly
~~December~~ Dasara Session-1933

1984.

Promise	Action taken
With regard to the resolution recommending legislation to throw open all tanks, reservoirs, wells, roads, markets, chatrams, rest houses and other places of public utility to all classes of people irrespective of their caste, creed or colour, the Dewan observed that in respect of tanks Government would issue general orders with a view to obviate the difficulties complained of. To a suggestion of Mr. K. Gopalaswamy Iyer that the general order about throwing open tanks to the Depressed Classes should include both irrigation and drinking water tanks, the Dewan said that he had no objection to that. With regard to the suggestion by Mr. Gopalaswamy Iyer that local bodies be asked to provide drinking water wells in all places for depressed classes, the Dewan replied that he would consider that suggestion also. Xxx reference is invited to Para 345 of Govt. order No. L 4720-38 Ls 32-26-24 dt 20th Jan 1927 issuing instructions rules for payment of grant-in-aid to drinking water wells, that special attention should be paid to Hallis or villages occupied by Adikarnatakas and Adi-Dravidas in drawing up the programme for drinking water wells, and that as regards wells intended for depressed classes, they may be considered wholly at the cost of Govt. Apart from this, there does not appear to be any Govt order calling for further instructions in the matter.

The question of providing drinking water wells in all places for depressed classes, is one which has to be attended to in Con-

Sir,

With reference to your letter No.D4 3805/33 dated 25th May 1934 regarding acquisition of survey Nos. 97 and 98 in Bagur hamlet of Kudlapura village, Nanjangud Taluk, required for village extension, I am directed to observe that the final declaration made in Notification No.L7504/V.P. 12-32-185 dated 16th May 1933 is in respect of the whole of the said survey numbers and not merely parts of them and that there is therefore no need to issue any fresh declaration merely because of the inaccuracy of the extent of the land mentioned in the former. The correct area to be acquired will be determined by the Acquisition Officer in the award to be passed by him.

The records are returned.

I have the honour to be,
